

BRICS Second Meeting of Committee of Senior Energy Officials 11-12 August 2021

The Republic of India under its BRICS Presidency for the year 2021 organized the Second meeting of Committee of Senior Energy Officials on 11-12 August 2021. Bureau of Energy Efficiency under the aegis of Ministry of Power hosted the meeting through video conferencing. The two-day event saw participation by senior energy officials and delegates from all the BRICS members countries.

On Day-1, Secretary (Power), Government of India delivered the keynote address to the BRICS Member countries and Additional Secretary, Ministry of Power provided the welcome remarks. The meeting started with discussion on draft Communiqué for the BRICS Energy Ministers meeting. Representatives from BRICS countries gave elaborative inputs on the structure and content of the draft Communiqué. Based on these inputs, the presidency revised the Communiqué. The session was moderated by Director General, Bureau of Energy Efficiency.

On Day-2, the delegates from BRICS countries presented their views on the involvement of youth into energy cooperation for research and development activities. On behalf of the Presidency, International Solar Alliance and TERI School of Advanced Studies presented the potential areas for energy cooperation among BRICS countries. During the second session, India presented the findings of the presidency outcome documents i.e., BRICS Energy Technology Report and BRICS Energy Report, based on information provided by BRICS countries. Representatives from member countries agreed to adopt the outcome of the study during the BRICS Energy Ministers meetings to be held on September 2, 2021. Senior energy officials from BRICS countries agreed to provide inputs on the final communiqué for adoption by the Energy Ministers of BRICS countries during their meeting.

The Concluding Remarks and Vote of Thanks was given by Director (IC), Ministry of Power, Govt. of India.
